**The Vatican should let people know about the hybrid energy construction of communication base stations**

## Overview

---

How has the Pope addressing the Internet changed since 2001?

Since 2001, when information about the Internet first appeared in the messages and when two special Vatican texts on the Internet (Pontifical Council for Social Communications 2002) were published, the Pope's approach to addressing has also changed. It is still about 'WE' and the imperative:..

How does Pope Francis interact with religious authority?

Encounters with religious authority are most often based on 'following' everyday communication on social media. Pope Francis on Instagram gives his followers an opportunity to follow his opinions and thoughts. Through apps, the religious community is connected to the activities and opinions of its leader.

Why do popes send messages for World Communications Day?

Furthermore, the language in the messages for World Communications Day is closely related to the goals of the individual popes and their direction. 2. The message delivery system is changing. Technological advances have undoubtedly had an impact on the way the messages of the popes are communicated.

Does Pope Francis have a crisis communication?

Around 2020, Pope Francis seems to have embarked openly on a communication of crisis. But that is a subject for further research. In any case, we offer here the possibility that the first sign of crisis communication of the papal See is encrypted in the hidden life of pronouns, to paraphrase the title of Professor Pennebaker's book. 4. Conclusions.

Is papal communication a big change in the texts of papal messages?

Since 2008, when all-to-all communication on social media has started to be applied on a large scale, there is a clear turn in the texts of papal messages.

What does Pope Benedict XVI say about media?

In the word cloud for Pope Benedict XVI, the pronouns 'WE', 'OUR' and 'THEIR' meet around the central 'communication' and the receding but still central 'media'. Not only does the word 'media' recede from the very centre, but 'THEY' recedes to a second level. In its place, 'WE' and 'OUR' are now among the six most used words, and 'THEIR' remains.
