UPS battery cabinet custom installation requirements

Overview

How to choose UPS battery cabinets?

Furthermore, the cabinets need to offer removable hinged doors so that the UPS system can be easily accessed. Doors need to be locked for safety and security. UPS Battery Cabinets have to be designed to house most front terminal batteries. Your UPS Battery Cabinets should have removable side panels so that cables can be easily installed.

Should UPS batteries be installed on racks or in cabinets?

Early on in a UPS design a decision must be made on whether batteries should be installed on racks or in cabinets. Both have pros and cons. The following are typical design considerations.

What should be included in a battery room?

Cabinets or racks shall be provided in the battery room for storing maintenance tools and safety equipment. These cabinets and racks shall be acid or alkaline resistant as applicable. Battery rooms shall be vented to the outside air by forced ventilation to prevent accumulation of hydrogen and to maintain design temperature.

What are the requirements for a battery room?

Battery room walls and floor shall be made of concrete construction. Battery rooms shall be provided with enclosed and gasketed (i.e., vapor tight) corrosion resistant lighting fixtures as specified in SAES-P-123. Battery room lighting shall be installed to provide a minimum level of illumination of 30-ft candles (300 lux).

What are the requirements for a battery room ventilation system?

The ventilation system is determined such that the hydrogen concentration shall be limited to less than 1% of the total air volume of the battery room. Audible and visual alarm shall be installed outside the battery room entrance

to annunciate a failure in ventilation for immediate action.

What should be inspected for incoming battery room equipment?

Incoming Battery room Equipment shall be visually inspected for damage / defects occurred during transportation and conformance to all applicable requirements. Battery room Equipment shall be new and unused.
