

**SolarInnovate Energy Solutions**

# **Valletta Energy Storage Container**

**LFP 280Ah C&I**

## Overview

---

Are Varta energy storage systems suitable for retrofitting?

Keep an eye on your energy storage system. The VARTA energy storage systems as AC all-in-one systems with integrated battery inverter are perfectly suitable for retrofitting as well as for new installations. Our new generation of DC high-voltage storage units.

What is a Varta energy storage system?

With a VARTA energy storage system, you can temporarily store the energy you've produced yourself and then use it when you actually need it. This enables you to use green energy 24 hours a day and increase your self-consumption to 80% and more. Please activate "YouTube" in the privacy settings to play this video.

How do I choose the best energy storage system?

Calculate the storage size that suits you best. Keep an eye on your energy storage system. The VARTA energy storage systems as AC all-in-one systems with integrated battery inverter are perfectly suitable for retrofitting as well as for new installations.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.

## What is a Varta wall?

Our new generation of DC high-voltage storage units. The VARTA.wall convinces as a modular, pluggable system with simple installation, without external wiring of the modules and with only 10 cm product depth. The three available capacities of the VARTA.wall are equipped with the most modern 21700 round cells in the VARTA double module.
