

SolarInnovate Energy Solutions

Warsaw Photovoltaic Combiner Box Manufacturer

◆ PRODUCT INFORMATION ◆

-  **BATTERY CAPACITY**
50kWh~500kWh
-  **DC VOLTAGE RANGE**
400V~1000V
-  **DEGREE OF PROTECTION**
IP54
-  **OPERATING TEMPERATURE RANGE**
-10~50°C

Overview

What is a 600v DC combiner box?

600V DC combiner box is LETOP's economical solution designed for small PV systems. It offers 1-6 string inputs and 1-2 string outputs. Supports 600V DC system voltage. It also uses high-quality components to ensure overcurrent and overvoltage protection. Suitable for 5kW-10kW small residential rooftop or small commercial PV systems.

What types of solar combiner boxes are available?

We offer a variety of solar combiner boxes, including DC and AC. DC combiner boxes cover 1-24 input channels, support 600V/1000V/1500V system voltage, and current range 10A-400A. AC combiner boxes support low-voltage and medium-voltage applications.

Who is letop – a professional PV combiner box manufacturer?

As a professional PV combiner box manufacturer, LETOP has ten years of expertise in C&I solar sector, providing safe and reliable product solutions for system integrators and engineering companies. As PV generation technology rapidly advances, large-scale ground-mounted plants are evolving towards higher voltage and larger capacity.

What is a letop solar combiner box?

LETOP offers multiple series of solar combiner boxes, with each series specifically designed for specific installation conditions and common layouts. No matter under what conditions your solar project is used, it will become easier and more efficient. 600V DC combiner box is LETOP's economical solution designed for small PV systems.

What is a 1000v DC combiner box?

1000V DC combiner box is specifically designed for professional combining solutions. It supports 1-16 string inputs and 1-3 string outputs. The maximum

support for 1000V DC system voltage. IP65/66 protection rating and optimized heat dissipation design ensure your system operates reliably in complex environments.

What is a 1500V DC combiner box?

Fully meets the requirements of 20kW-50kW large residential rooftop and commercial rooftop PV projects. 1500V DC combiner box is a professional solution tailored for large ground power stations. The combiner box supports a maximum of 24 string configurations, it is suitable for 1500V DC system voltages.
