What are the cheapest solar panels?

Many of the EnergySage Buyer's Guide's most affordable solar panel brands also produce some of the best solar panels. Here are our top picks for the best cheap solar panels based on the average cost per watt and performance. At just \$2.36 per watt, AXITEC offers the cheapest solar panels per watt on our list.

How much do solar panels cost?

Finding the lowest possible price tag for your solar panel installation might sound like the best way to save money when you go solar, but the payback period of your solar panel system might take twice as long, and your panels may never earn the return you expected. In 2024, the average cost of solar panels is around \$2.86/W before incentives.

Which solar panel brand is best?

Trina Solar: Vertex S TSM-NEO9RC.05 Why we chose them: Trina Solar is another affordable solar panel brand that has consistently cranked out high-performing solar technology. Trina also appears on our Top Solar Panel Brands list for 2025.

Which solar panels are the most expensive?

REC Group produces efficient, high-performance solar panels comparable to premium brands like SunPower and Maxeon—but about 19% cheaper. QCELLS solar panels are the most expensive on our list but still among the least expensive and most popular solar panels quoted on EnergySage.

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four

enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Are solar panels affordable?

Solar panel affordability continues to increase thanks to falling prices, incentives, rebates, and flexible financing options. The solar panel with the cheapest price tag may not be the most cost-effective option in the long term. Consider efficiency, performance, and warranties when comparing your options.
