## Wholesale 2000 amp switchgear in Honduras

---

### **Clearance for 2000 amp service , Information by Electrical**

Jan 23, 2007 · On a job I am on, there is a 2000 amp service in a (so called) electric room. I know you need at least 3' (110.26(1)) of clearance from face to wall. In this situation there is only 2'. ...
