

SolarInnovate Energy Solutions

Wholesale afriipower inverter in Bahrain

Overview

Are afriipower inverters solar compatible?

The Afriipower 2.5kVA inverter is solar compatible, meaning you can integrate solar charging by installing solar panels. You will require to buy solar panels and solar charge controller (contact our Specialists for specifications and price details) and the integration will be done.

What is the afriipower pure sine wave inverter range?

The Afriipower pure sine wave inverter range is designed to withstand the challenges of our local operational environment, including low power supply, wide voltage fluctuations and the need to protect the user's battery bank and ensure longevity.

What is afriipower 2500 volt inverter?

The Afriipower 2.5kVA/24V inverter also provides audible beep for overload, short circuit, backfeed, low battery, over tempature, mains fuse blown / MCB trip, to help the user understand how his inverter is running and if any problem has arisen. You require two 12V batteries to run the Afriipower 2500VA inverter.

How many batteries do I need to run the afriipower 2500va inverter?

You require two 12V batteries to run the Afriipower 2500VA inverter. The 100Ah and higher battery capacities are recommended, depending on the load and expected backup.

What appliances can a 2kva 24V inverter support?

The 2kVA 24V Afriipower inverter will support the basic appliances of a household in a regualr flat apartment. That will include, say: 3 domestic fans, 1 TV set, 4 CFL light points and a few other low energy appliances, for a backup target of about 6 hours.
