## Overview

---

What are RV breakers?

RV breakers are devices that protect electrical circuits in your recreational vehicle (RV). Some are dedicated to specific appliances like the air conditioner, refrigerator, televisions, and other high-current devices. Others are general circuits that power banks of 110-VAC receptacles for the convenience of the camping family.

Where can I find a circuit breaker for my RV?

Check out our line of RV circuit breakers and fuses from [RVpartscountry.com](https://RVpartscountry.com). Our circuits come in different amp sizes to fit your needs and get your electric up and running in your RV. Keep your breaker box working like a charm with our replacement circuit breakers.

What are circuit breakers used for?

From domestic appliances to manufacturing machinery, circuit breakers are used in electrical equipment all around us to help ensure safety and prevent the risk of fire. Related Categories: Fittings & Tubes | Extended Ranges | RF / Coaxial Connectors | Terminal Blocks | Enclosures Related Manufacturers: ABB | Siemens | Eaton | Allen-Bradley | E-T-A
